

**From a single projector  
to a massive video wall,**

## **SPL Integrated Solutions and Christie Digital have a video imaging solution for you.**

If you order a Christie Digital projector before the end of your fiscal year on September 30, 2007, SPL will provide a free replacement lamp. To learn more about SPL's free spare lamp offer, please contact Phil Reyes at 410-992-1567 or preyes@splis.com.

SPL Integrated Solutions is a leading nationwide integrator for audio, video, and collaborative communication solutions that improve the productivity of meetings and events for the government and military.

For more information about the video wall using 27 Christie Digital rear-mounted projectors that SPL installed at Sandia National Laboratories, visit our website at [www.splis.com/christie](http://www.splis.com/christie).

**CHRISTIE**

**Visit SPL in Booth #929 at FOSE 2007, March 20-22.**
