

Crestron's Isys i/O™ Touchpanel Media Centers

ANOTHER INTEGRATED SOLUTION FROM SPL

Crestron's Isys i/O™ Touchpanel Media Centers

POWERFUL INTEGRATION OF TOUCHPANEL CONTROL AND DIGITAL MEDIA PRESENTATION

The new Isys i/O family is comprised of three feature-packed models — the 15" standard display, 17" widescreen display tilt touchpanel and the 10" WiFi wireless. The Isys family gives you a unified multimedia presentation and control solution for playback and control of most digital content without additional computers.

Operating from 19 offices nationwide, SPL Integrated Solutions is the leading integrator for collaborative communication solutions that improve the productivity of your meetings and events. To learn more about touchpanels from Crestron, call us at 866-ASK-4-SPL (866-275-4775).

To learn more about SPL's services, order Wainhouse Research's report "Managed Conferencing Services for Success" by visiting our website at www.splis.com/services.
