

A projector shootout:

The Best LCD Panels and Projectors Compared

See the top portable large screen projectors all together, side by side, in a location near you:

- Quality that compares to 3-tube projectors
- Data *and* video from the same panel or projector
- Portable and lightweight
- Convergence free for foolproof setup

Chicago – West Suburban
Milwaukee – Merrillville – Grand Rapids

See
all the best
LCD panels and
projectors for yourself,
set up side by side
projecting the same images:

- Computer LCD Panels
- Computer/Video Panels
- Video LCD Projectors
- Video/Computer Projectors

**Now anyone can have big screen computer
data and video projection anywhere, anytime!**

Find out just how good LCD products have become. Compare the latest and decide what's best for you. The session is free, but we need to know that you're coming. Fill out the card on the back of this brochure or phone your local Midwest office to register.
